— What is Avpravah Foundation?

Avpravah Foundation is a dedicated non-profit organization committed to bringing positive change to society. The foundation **works on various social and humanitarian issues**, including environmental conservation, climate change, elderly care, yoga and well-being, animal welfare, health, women's empowerment, child welfare, rural development, disaster relief, social justice, human rights, and vocational training.

— Our Purpose

We are dedicated to **helping the underprivileged and needy, especially those who are neglected, exploited, & helpless in society**. Our focus is on poor families who struggle to earn a living but still lack enough food, whose children are deprived of education, and who do not even have a home to live in.

— Our Priorities

Ensuring that hungry children get food.

Providing education for orphaned children.

Offering support and care for the elderly.

Providing shelter for homeless individuals.

Ensuring medical aid for sick children and elderly people.

Combating environmental degradation and climate change effectively.

Helping women become self-reliant.

Arranging for stray cows to be housed in shelters.

Providing food, medical care, and shelter for stray animals.

We aim to be the voice of those who are forced to remain silent due to their miserable circumstances.

— Our Commitment

Avpravah Foundation believes that with compassion, cooperation, and determination, we can bring positive change to society. Our goal is to create **a society where every poor, hungry, and homeless individual can live with dignity and equality.**

— What makes Avpravah Foundation unique?

Avpravah Foundation is not just an NGO but **a movement and a family dedicated to bringing real and lasting change.** While many organizations focus on one specific area, Avpravah Foundation takes a comprehensive and multi-dimensional approach.

1. Multi-Dimensional Approach

Most NGOs work in a single sector, such as education, healthcare, or women's empowerment. However, Avparvah Foundation addresses multiple critical social issues simultaneously:

- **Eradicating Poverty & Food Assistance** – Ensuring no one sleeps hungry.
- **Education & Child Welfare** – Making sure every child goes to school, not the streets.
- **Elderly Care** – Supporting and helping senior citizens in need.
- **Women's Empowerment** – Providing training and assistance for self-sufficiency through skill development, financial literacy, and livelihood programs.
- **Environmental & Climate Action** – Planting trees, water conservation, sustainable farming, and pollution control to protect our planet.
- **Health & Yoga** – Conducting programs for physical fitness, mental well-being, and holistic health through yoga and awareness.

- **Disaster Relief & Rehabilitation** – Assisting victims of natural calamities like floods, earthquakes, and pandemics with timely relief and long-term support.
- **Animal Welfare** – Providing shelter, food, and medical care for stray and injured animals.
- **Waste Management** – Promoting recycling, composting, and responsible waste disposal practices to create cleaner and healthier communities.
- **Cancer Treatment with Ayurveda & Women Empowerment through The Mush Supply Agro Farms** – Promoting holistic cancer care through Ayurvedic medicine research and production, in collaboration with The Mush Supply Agro Farms by Women Improvement Scheme, which empowers rural women in mushroom cultivation, agro-entrepreneurship, and sustainable herbal farming—creating livelihood while supporting wellness and healing.

We believe that social issues are interconnected, & addressing multiple areas together is necessary for sustainable change.

2. Service without Discrimination

We do not discriminate based on caste, religion, gender, region, or language. Every needy person is equal to us, whether it is a poor child, a homeless person, a senior citizen, or an underprivileged woman.

3. Transparency & Integrity

Every donation and resource is used responsibly. We maintain 100% transparency, allowing every donor to see where their contribution is going. We publicly share information about our funding, expenses, and projects to build trust and account-

4. Focus on self-reliance

We don't just provide help; we empower people.

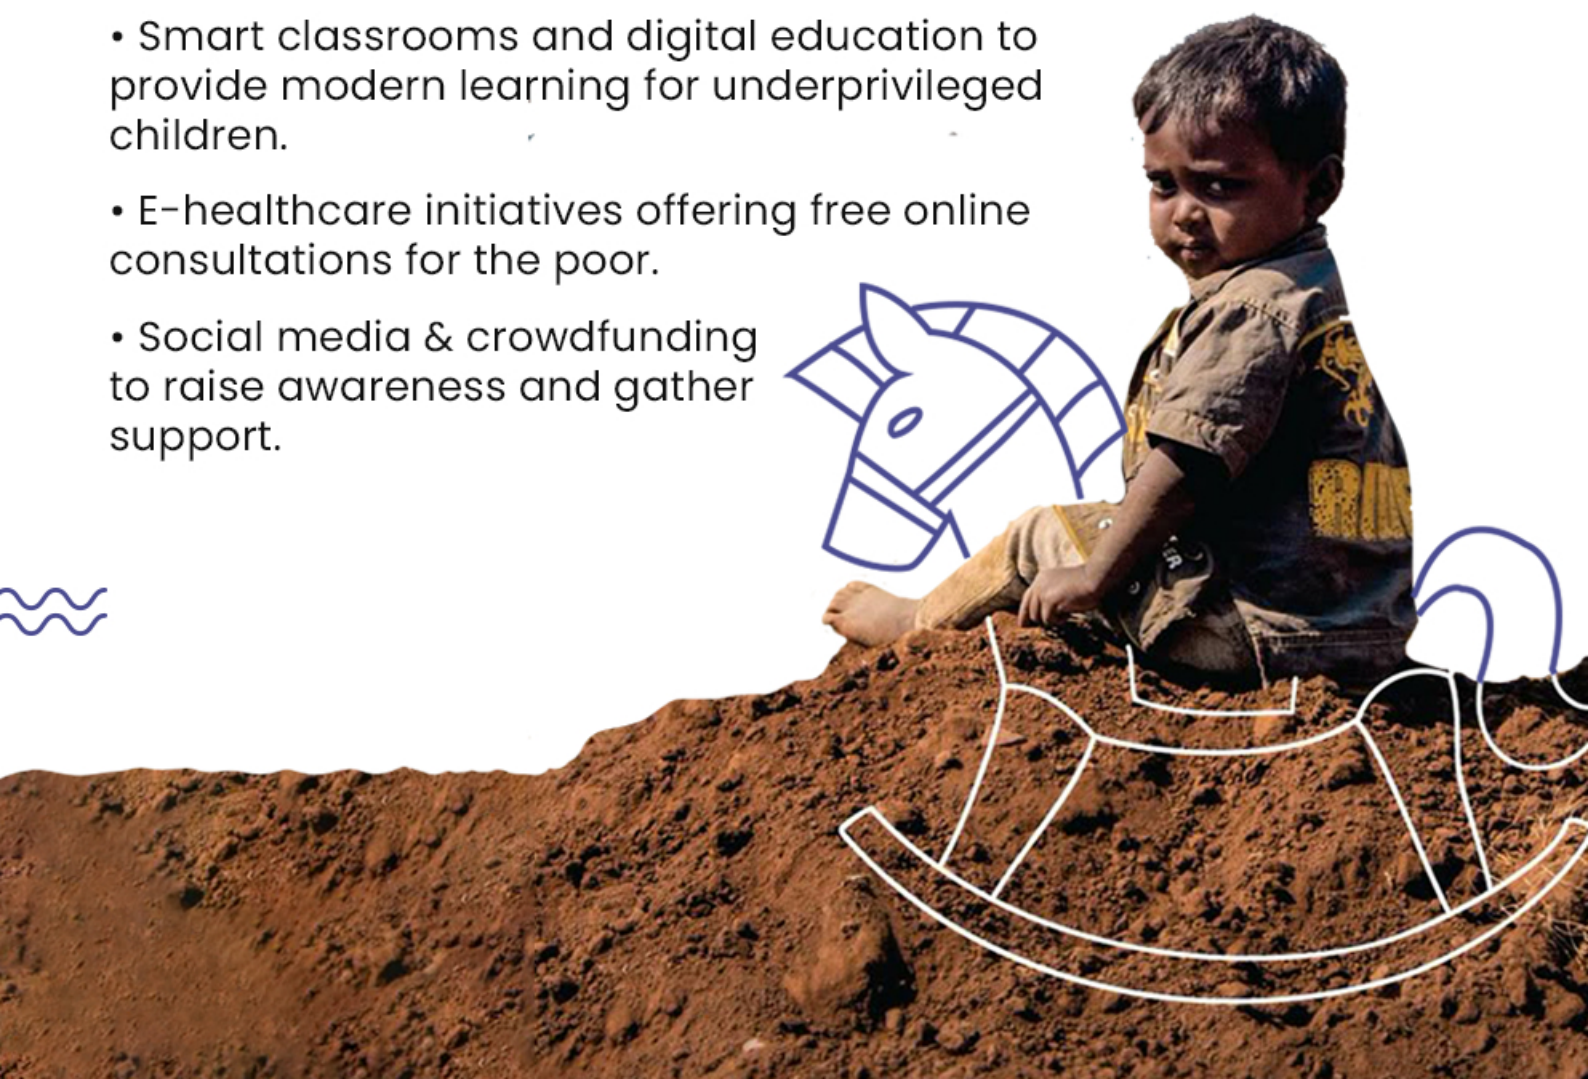

- Instead of just providing food, we create employment opportunities.
- Instead of just giving books, we offer quality education for a better future.
- Instead of just helping women, we empower them to stand up for their rights.

Our goal is not just to address problems but to provide permanent solutions.

5. Use of Modern Technology & Innovation Approaches

We integrate technology into social service.

- Online donation tracking system for real-time updates for donors.
- Smart classrooms and digital education to provide modern learning for underprivileged children.
- E-healthcare initiatives offering free online consultations for the poor.
- Social media & crowdfunding to raise awareness and gather support.

6. Personal Connection & Dedication

We are not just an NGO; we are a family!

- Our members are not just employees but passionate individuals committed to social change.
- We provide emotional, social, and financial support to those in need, not just formal assistance.
- Every donor feels like an integral part of our mission.

Why is Avpravah Foundation Different & Special?

1. Comprehensive Approach – Working in multiple areas simultaneously.

2. Equal Service for All – No discrimination based on caste, religion, gender, or region.

3. Transparency & Honesty – Clear information about funds & projects.

4. Focus on Self-Sufficiency – Helping people become independent.

5. Technology & Innovation – Digital education, healthcare, and awareness campaigns.

6. Strong Community Bond – More than an NGO, we are a movement and a family.

"If you just want to donate, any NGO will do. But if you truly want to create change, Avpravah Foundation is your organization."
